

MEMORANDUM FOR: Colonel Tagge

Forwarded
22/6/77

Attached for your review is the inventory of German Military Geographic Studies (Mil-Geo's) produced by the German High Command in Berlin from 1940-1943. It is the list we discussed as possibly being duplicates of a previous offering now identified as NN-375-128 dated 7 January 1975, appraised by

Please advise soonest.

MEMORANDUM FOR: Chief, Information Systems Analysis Staff, DDA
SUBJECT : German Military Geographic Studies (Mil-Geo's)
REFERENCE : Same subject, memo dated 5 December 1974

1. The Map Library Division, OGCR, has 5 boxes of German Military Geographic Studies (Mil-Geo's) produced by the German High Command in Berlin from 1940-1943. We are prepared to offer these old World War II publications to the National Archives, as we did previously in December 1974. (See Attachement)

2. The studies cover the following geographic areas:
Europe, Asia, Middle East, North Africa, Australia and Polynesia.

3. Many of the publications are duplicates of those sent in December 1974. Informally, the Library of Congress, Map and Geography Division, has expressed a desire in obtaining any duplicates not required by the National Archives. We suggest that the duplicates be sent to the Library of Congress providing this action will not embarrass the U.S. Government in anyway. If the National Archives will accept the publications, would you please contact [redacted] of my office and indicate how the boxes should be labelled and forwarded.

[redacted]
Chief, Map Library Division, OGCR

Attachment:
As stated above

MEMORANDUM FOR: Chief, Information Systems Analysis Staff,
DDA

SUBJECT : German Military Geographic Studies
(Mil-Geo's)

1. The Map Library Division, OBGI, has 19 boxes of German Military Geographic Studies (Mil-Geo's) produced by the German High Command in Berlin from 1940-1943. We are prepared to offer these old World War II publications to the National Archives as discussed with [redacted] of your Staff. 1PS

2. The studies cover the following geographic areas: Europe, Asia, Middle East, North Africa, Australia and Polynesia. A copy of the original catalog dated November 1943 will be included with the boxes unless a more detailed listing is required.

3. Some of the publications are in duplicate form. Informally, the Library of Congress, Map and Geography Division, has expressed a desire in obtaining any duplicates not required by the National Archives. We suggest that the duplicates be sent to the Library of Congress providing this action will not embarrass the U.S. Government in anyway. If the National Archives will accept the publications, would you please contact [redacted] of my office and indicate how the boxes should be labelled and forwarded.

[redacted]
Chief, Map Library Division, OBGI
